The Chairman should not however, use their vote without giving notice of their intention to do so when putting the motion to the meeting. If the Chairman votes on a motion and a count shows the side to which they gave their support lost the day, this shall in no way be interpreted as a vote of "No Confidence" in the Chairman.

Except as otherwise provided for, the vote of the majority of those voting shall decide, and thus a motion on which the voting is equal shall not be carried unless the Chairman in their absolute discretion uses their casting vote.

No amendment to a notice of a motion may be accepted at the General Meeting, unless the amendment be on the Summons for that Meeting, but the Chairman may, at their discretion, vary the wording of a motion provided that such variation does not alter the purport of the motion in any respect, nor any detail of its intention. No resolution by a General Meeting shall direct the Club Committee on any matter which is within the Committee's jurisdiction to decide, but this shall not prevent a General Meeting from recommending that the Committee consider taking a certain course of action. The Committee will issue permits each year, expiring on 31st March, to Members who apply for permission to moor their privately owned pleasure boats at the Club premises, subject always to availability of space and also subject to the Committee's approval of the craft concerned. Such boats, unless they are left on the river must be removed from the Club premises, but this shall not prevent the Captain(s) from giving permission for a member's boat to be placed on some part of the Club premises prior to its removal or launching, for a period not exceeding one week. Member's own pleasure boats must not be moored with the Club boats, but only at the place allocated and will not be serviced by the Club Boatman.
